effective creative work is not a nice to have it's a necessity it's the only way you'll stand out in a fiercely competitive marketplace whether you're in digital direct or advertising the CEO of an agency or just starting out how to do better creative work has been written for you in fact you'll see that everyone plays a crucial role in producing creative work that works what it means to be creative how to build a creative culture how virtually all great work is underpinned by a simple problem solution dynamic how to use that dynamic to create your big marketing ideas how to brief a creative team how to use relevant disruption to produce big creative ideas how to simultaneously build a brand and get response how to sell your work how to run a creative department all this is illustrated by some of the best advertising direct and digital work ever produced plus 12 case studies featuring ideas that have not only sold millions of pounds worth of products but also won dozens of the world's most coveted awards Steve writes like he talks with great intelligence wisdom and common sense he's one of the few people capable of looking at a notoriously self-obsessed industry and saying the emperor has no clothes and he's one of an even smaller number who can look at its problems and say here's how you fix it creative work is as challenging as it is engaging when I reached the end I felt like I wanted to continue the conversation which is probably the highest compliment you can offer a book Jon Steel author of truth lies advertising and perfect pitch this is genuinely essential reading for anyone who wants to demystify the advertising creative process and vastly more entertaining than your average business book Harrison's simple commonsense approach makes you wonder why so many ad campaigns fail so spectacularly buy it read it and learn from it Larissa Vince campaign magazine this is a smart straightforward and very special book it affirmed so much I knew already but my eyes were opened afresh to what is genuinely important about the work that we do I came away with ten or twelve things I wanted to share with the rest of the team at glue and it also fortunately gave me some confidence that we're getting a lot of this right already Mark Cridge CEO glue London Steve is one of the dying breed of creative directors that clients crave he tells it like it is and delivers how to do better creative work is a refreshingly honest must read for any client suit or creative who want to cut through the bullshit and produce great creative work that does the job Harrison has the right to say what he likes about the ad industry and he does Charlie Smith head of brand

marketing vodafone uk this book isn't just about how clients can help get the best work from their agency i loved the insight into the thinking that goes on before the creative idea is had and realise it applies to every business that takes a creative approach to problem solving paul ferraiolo president rolls royce motor cars north america if one day my son tells me that he wants to be part of this business i will make sure that he reads steve's book and if possible find a way for him to spend a couple of hours with steve himself pablo alzugary president shackleton madrid

a biography on the legendary gay american composer of contemporary classical music american composer lou harrison 1917-2003 is perhaps best known for challenging the traditional musical establishment along with his contemporaries and close colleagues composers john cage aaron copland virgil thomson and leonard bernstein living theater founder judith malina and choreographer merce cunningham today musicians from bang on a can to björk are indebted to the cultural hybrids harrison pioneered half a century ago his explorations of new tonalities at a time when the rest of the avant garde considered such interests heretical set the stage for minimalism and musical post modernism his propulsive rhythms and ground breaking use of percussion have inspired choreographers from merce cunningham to mark morris and he is considered the godfather of the so called world music phenomenon that has invigorated western music with global sounds over the past two decades in this biography authors bill alves and brett campbell trace harrison's life and career from the diverse streets of san francisco where he studied with music experimentalist henry cowell and austrian composer arnold schoenberg and where he discovered his love for all things non traditional beat poetry parties and men to the competitive performance industry in new york where he subsequently launched his career as a composer conducted charles ives's third symphony at carnegie hall winning the elder composer a pulitzer prize and experienced a devastating mental breakdown to the experimental arts institution of black mountain college where he was involved in the first happenings with cage cunningham and others and finally back to california where he would become a strong voice in human rights and environmental campaigns and compose some of the most eclectic pieces of his career lou harrison's avuncular personality and tuneful music coaxed affectionate

regard from all who knew him and that affection is evident on every page of alves and campbell s new biography eminently readable it puts harrison at the center of american music he knew everyone important and was in touch with everybody from mentors like henry cowell and arnold schoenberg and charles ives and harry partch and virgil thomson to peers like john cage to students like janice giteck and paul dresher he was larger than life in person and now he is larger than life in history as well kyle gann author of charles ives s concord essays after a sonata

the digital economy has fundamentally transformed how we live and work bringing opportunities and challenges one of the key challenges is understanding how to effectively navigate the relationship between people and technology and harness its power to foster creativity innovation and digital leadership this book examines the relationship between people and technology in the digital workspace from a multidisciplinary perspective unlike most of the existing literature which focuses on the technological aspects of digitization in the workplace this book equally considers the psychological social and cultural implications as well the contributing authors also provide insights on employee well being motivation and engagement and challenge the assumption that digital technology stifle creativity by demonstrating how innovation can foster collaboration experimentation and risk taking featuring research theories case studies surveys and interviews from fields such as sociology psychology and management this book is of interest to scholars researchers and students in sociology psychology management and related disciplines as well as professionals and leaders looking to better understand the impact of technology on the modern workplace

this book considers the role and function of creativity for anchoring educational practices both in universities and beyond crucially the educational practices in question model responsive careful and attentive encounters with an unfolding present reinterpreting the ground breaking creative processes of leading artists writers musicians and dancers this book offers a toolkit of invitations and encounters that demonstrate how creativity can be practiced and taught as a competency that

cultivates expertise in harnessing experiment curiosity somatic intuition and collaborative practices of world building in doing so the book mounts a vital critical call for developing languages approaches and methods in both digital and face to face learning environments that reconsider creativity as a literacy foundational to all learning settings vital to diverse disciplines fields and professional sectors this book boldly changes the conversation around the conspicuous role creativity takes in shaping our learning and teaching futures

there has never been a better time to study practice and experience creative leadership in the fluid and turbulent economic and social environments of the 21st century creative leadership has become a cardinal force in the creation and evolution of adaptive organizations in the last two decades organizational science has witnessed a rapid increase in the number of studies on the nature skills and processes of creative leadership the resulting accumulated body of knowledge has remained for many years dispersed and fragmented across multiple strands of organizational research this volume seeks to foster the cross fertilization of scientific knowledge and insight by bringing together authoritative contributions from leading scholars whose work is located in different strands of creative leadership research creative leadership contexts and prospects builds upon a recently introduced multi context framework that integrates metatheoretically three conceptualizations of creative leadership found in the extant literature facilitating employee creativity directing the materialization of a leader s creative vision and integrating heterogeneous creative contributions these three conceptualizations reflect essential differences in the enactment of creative leadership across various collaborative contexts of creative work and they underlie the intellectual efforts of different research strands the collection of chapters in creative leadership contexts and prospects offers the latest thinking on creative leadership in facilitative directive and integrative contexts and a stimulating set of ideas for crafting the next generation of nuanced theories and empirical studies in the field

this volume brings together empirical and conceptual papers that go beyond questions of idea generation to account for the

dynamics of idea development judgement and dissemination processes which are at the heart of organizing for innovation

lou harrison who celebrated his 80th birthday in 1997 has often been cited as one of the america s most original and influential composers in addition to his prolific musical output harrison is also a skilled painter calligrapher essayist critic poet and instrument builder during his long and varied career he has explored dance asian music tuning systems and universal languages and has actively championed political causes ranging from pacifism to gay rights as an articulate and outspoken observer of the contemporary musical scene he is frequently quoted in the media yet until now no comprehensive study of his life and works has been published the present book supported by extensive archival research and nearly 70 interviews examines the ideas that have shaped harrison s creative output as seen through the eyes of the composer and his associates a detailed biographical section is followed by individual chapters focusing on music and dance intonation and tuning instruments asian influences gamelan music and politics music criticism and compositional processes in a separate chapter the authors describe the historical background of the san francisco gay community harrison s literary and musical statements on gay rights and possible gay markers on his musical style an annotated works list details over 300 compositions and a full length cd illustrates the text in sound including several unique and previously unrecorded works this engaging study of harrison s life and works will be indispensable to students and scholars of american music and to performing artists and programmers

over a period of twenty five years julius harrison 1885 1963 was admired as a conductor with beecham at covent garden with the scottish orchestra in glasgow and in the 1930s with the hastings municipal orchestra but he conducted of necessity to earn a living by inclination and calling he was a composer and there was always a conflict of interest between his twin professions when in his sixties increasing deafness brought an end to his conducting career he turned more and more to composition and in the years remaining to him produced a handful of works of a quality undreamed of in earlier years music

can offer very few examples of composers coming to maturity so late harrison was such a composer it is the author s belief that at least two of these late works the mass in c and the requiem are among the finest of their time that has prompted this first study of harrison s life and achievement

from 1952 to 1981 south africa s apartheid government ran an art school for the training of african art teachers at indaleni in what is today kwazulu natal the art of life in south africa is the story of the students teachers art and politics that circulated through a small school housed in a remote former mission station it is the story of a community that made its way through the travails of white supremacist south africa and demonstrates how the art students and teachers made together became the art of their lives daniel magaziner radically reframes apartheid era south african history against the dominant narrative of apartheid oppression and black resistance as well as recent scholarship that explores violence criminality and the hopeless entanglements of the apartheid state this book focuses instead on a small group s efforts to fashion more fulfilling lives for its members and their community through the ironic medium of the apartheid era school there is no book like this in south african historiography lushly illustrated and poetically written it gives us fully formed lives that offer remarkable insights into the now clichéd experience of black life under segregation and apartheid

the four volume set consists of ninety seven of the pamphlets originally published as the university of minnesota pamphlets on american writers some have been revised and updated

this text provides a comprehensive overview of the process of composing and arranging commercials for these two different media it addresses the tools of composition and arranging and sets forth a method for approaching each creative and business situation application of the material in the book is intended to help the novice composer achieve his or her goals an audio cd of jingles to illustrate examples in the book is included

benny goodman dizzy gillespie jim morrison kurt cobain these are the people who helped shape the history of music their stories and others are told in musicians and composers of the 20th century this five volume set offers biographical and critical essays on over 600 musicians in just about every genre imaginable from accordion players to musical theater composers to world music and everything in between
