portraying authorship argues that the medieval castilian writer juan manuel fashioned a seemingly modern authorial persona from the accumulation and synthesis of medieval authorial roles in the manuscript culture of medieval castile and across latin europe writers typically referred to their work in ways that corresponded to their role in the bookmaking process scribes took credit for preserving the works of others compilers for combining disparate texts in productive ways commentators for explaining obscure works and authors for writing their own words combining literary analysis with book history anita savo reveals how juan manuel forged his authorial persona don juan by adopting all four medieval writerly roles thereby reaping the ethical benefits of each one each chapter in portraying authorship highlights a different authorial role to show how don juan and others who wrote in his name assumed responsibility for that role and adapted its rhetoric to his vernacular literary project the book concludes that don juan s authorial self portrait not only gave the humanist writers of the fifteenth century a model to imitate but also persuaded subsequent scribes editors and translators to portray him as an individual author in doing so portraying authorship illuminates how juan manuel s concept of authorship helped to secure him a privileged position in narratives of spanish literary history

one of the threads that runs through elena poniatowska s oeuvre is that of foreigners who have fallen in love with mexico and its people this is certainly the case of querido diego te abraza quiela a brief novel so short it was originally published in its entirety in octavio paz s literary magazine vuelta the russian exile and painter angelina beloff writes from the cold and impoverished post war paris to diego rivera her spouse of over ten years beloff sends these letters to which there is no response during a time when the emancipation of women has broken many of the standard models and the protagonist struggles to fashion her own elena poniatowska has re created these letters and within them one finds the unforgettable testimony of an artist and her lover during the valuable crossroads of a new time when diego rivera was forging a new life in his native country in this edition nathaniel gardner comments on the truth and fiction poniatowska has woven together to form this compact yet rich modern classic using archives in london paris and mexico city including angelina s correspondence held in frida kahlo s own home as well as interviews from the final remaining characters who knew the real angelina gardner offers a mediation of the text and its historical groundings as well as critical commentary this edition will appeal to both students and scholars of latin american studies as well as lovers of mexican literature and art in general
